October 2021 Edition

Hiya!

A full month of Sixth Form has fled by. So far all of my subjects (Biology, Chemistry and Maths) have been so interesting as we get into more detail of prior knowledge. Our bees are in their transition of winter hibernation and just the idea of not seeing them for some time is rather daunting. That's the beauty of nature - change. As you can see, this edition of the FP has changed rather slightly to adjust to the change in season. I hope you enjoy this autumn as much as I hope too.

How was your September?

A quick little update on my tomatoes, at this moment of writing I have one completely ripened tomato with a few others on the verge of ripe. The weather hasn't been as expected, being much hotter this month, so that's definitely pushed some of my doubts aside.

Last month, I also attended the Winthorpe Garden Club meeting and it was absolutely fascinating learning all about different kinds of the daisy family. I highly recommend having a visit this month.

October is quite an eventful month with coffee day, the clocks going backwards, as well as Halloween. Whatever your plans are this Halloween, have a great time, stay safe and well and enjoy the very much loved pumpkin season.

As always, the Focal Point is ever so grateful for the time you volunteer to support the local community, so thank you.

Embrace the changes in nature!
- Lizzie W (Ed)

THINK AGAIN— THE WINTHORPE RESIDENTS' A46 CONSULTATION GROUP

Two meetings were held with the village during September to discuss progress and provide further information on the Option 3 proposal. These were really well attended and gave good opportunity for discussion and questions. National Highways (formerly known as Highways England) have not responded specifically to Option 3 however they have said in a communication on the 15 September:

There are a number of steps we need to go through before we can announce a preferred route, and we're continuing to work through these steps, along with the Department for Transport and the Government. We'll provide updates to stakeholders and on our project webpage at www.highwaysengland.co.uk/a46-newark-bypass in due course - we expect to be able to do so later this year or early next year.

While we're not yet able to start the next stage of work or confirm the route we'll be taking forward, we're continuing to prepare for the next stage and will be carrying out further survey work this autumn and winter to collect more information about current conditions along the A46 route.

We understand that once announced a further period of statutory consultation will follow. The Group continues to work on the village's behalf and opportunity will be taken to follow up on dialogue with our MP and local authorities.

We are also working behind the scenes on developing a dedicated Think Again website. This will enable us to have all the Think Again information in one place.

Please feel free to turn up and listen to this excellent, professional band.

Annual General Meeting – Monday 11 October 2021 at 7.15 – 7.45pm

The above meeting is open to local residents so if you would like to attend, please email the Secretary, Michele Cammack (cammacks31@gmail.com) at least one week before the meeting.

The meeting will cover the election of the Executive Committee members and will receive reports from the Chairman and the Treasurer.

QUICK PARISH COUNCIL UPDATE

Two public meetings have been held in relation to the A46 proposed Bypass and the Neighbourhood Plan. The meetings went very well with about 80 people in total in attendance. There was some good feedback and some very interesting people there. It is good that the village understand where we are at in relation to both proposals which clearly impact the village.

There will also be some more sessions using the speed gun in the village upcoming in the next few weeks.

OCTOBER'S RECIPE -HAPPY HALLOWEEN-

Thank you Jane for sending in this month's recipe!

"This Irish fruit loaf was once reserved for high days and holidays, particularly Hallowe'en. As its Irish language name *bairín breac* (speckled bread) suggests, this tea bread/barmbrack has much in common with the Welsh *bara brith*; a simple, tasty, moist, yet richly fruited bread that's well suited to a generous topping of butter and is an excellent accompaniment to a pot of tea." - Jane C

Makes 900g loaf tin, greased and lined with baking paper

Ingredients:

300ml strong black tea (if using fruit tea, leave the teabag in)
 200g sultanas
 200g raisins
 50g mixed peel
 225g self-raising flour
 ½ tsp mixed spice
 ¼ tsp ground cinnamon
 ¼ tsp ground nutmeg
 ½ tsp salt
 175g light muscovado sugar
 1 large egg, beaten

Tip:

Use whatever mix of dried fruit and nuts you prefer

I sometimes substitute some of the tea with Irish whiskey....*sláinte*

IRISH HALLOWE'EN TEA BREAD

Put all the dried fruit into a bowl and pour the tea over. Cover and leave it to soak and plump up overnight.

Heat the oven to 160°C/140°C fan/gas mark 3. Put the flour with all the spices and the large in a large mixing bowl and stir well to combine. Add the sugar and stir again, making sure you break up any lumps in the sugar.

Add the soaked fruit and any remaining soaking liquid to the dry mixture, then add the beaten egg and stir until all the ingredients are thoroughly combined.

Tip the mixture into the prepared tin, smooth the surface and bake for 1-1½ hours, until the loaf is risen and golden and a skewer inserted into the centre comes out clean.

Remove from the oven and leave to cool in the tin for 5 minutes. Then, remove from the tin and place on a wire rack to cool completely. Serve in slices, spread with butter.

CMC have welcomed two new GPs, Dr Edda Schuerch and Dr Kate Rees, to work alongside Drs Suresh, Li, Walker, Coulton and Fearn. Evie Hall has also joined the team as Patient Care Advisor.

THE START OF AUTUMN POEM

Thank you Pat for sending in such an uplifting poem in the spirit of autumn.

I love the smell of Autumn leaves,
The berries ripe and red.
The hollow in the hawthorn bush,
I've chosen for a bed

I dread the smell of Autumn smoke
The leap of yellow flame
For after last year's bonfire night
I'll never be the same.

The massive pile of branches
I've chosen for a bed.
Was someone's Guy Fawkes bonfire.

So carefully check your bonfire
Last thing on Guy Fawkes' night
I could be sound asleep in there
Please, don't set me alight.

A HATS POEM

Thank you once again Ron for your regular and unique poems. I've never realised how versatile hats are for all seasons. Thank you for your support.

- Lizzie (Ed)

We can talk about our footwear
Be they heeled or be they flat
But no one seems to realise
That we ought to wear a hat

Just think of all the weather
Be it sunshine be it storm
What does occur within your head
Needs a hat to keep it warm

There is a fact that's so well known
From here to Pondicherry
That no French man sells onions
Unless he wears a beret

Then take the drowsy Mexican
He's sleeping in the sun
But wearing his sombrero
To show us how it's done

The fedora links to Al Capone
Who came out with guns blazing
But place it on a lady's head
And she looks quite amazing

Let's hear it for the Yorkshire men
They're always full of chat
But never would they leave the house
Not wearing their flat 'at

And the man who went to Henley
Striped blazer to the fore
Must then complete his outfit
With the boater that he wore

Way on down in London town
The smart city high roller
Would not feel so jaunty
Without his favourite bowler

A young man who's ambitious
To him the wise man said
It's really very simple
"You need a hat to get ahead"

Next page's
riddles/ mini poem
were both sent in

CLOCKS GO BACKWARDS THIS MONTH!

British Summer Time will end on Sunday 31st October.

Put your clocks back one hour.
The sun will set just after rising,
The leaves will fall and frost will glisten.
Don't despair as winter comes,
Two months in and the darkest night is done.

DON'T FORGET

THIS MONTH'S RIDDLE

My grandfather and his twin brother held a joint birthday party last week and invited all their entire family. They both had an equal number of sons who, in turn, have as many sons as they have brothers, all surviving. The combined number of all these sons and grandsons is equal to the age of my grandfather, who in three years, time will be exactly three times my own age. How old is my grandfather, how old am I and how many grandsons received invitations to the party?

Ans. **My grandfather is 72 years old. I am 24 years old. 60 grandsons received invitations.**

WINTHORPE GARDEN CLUB

Winthorpe Garden Club met on September 15th at the Community Centre – the inaugural meeting following lockdown and Covid restrictions. The Club meets every third Wednesday of the month, with an annual membership fee of £12.

This month's speaker was Dr Andrew Ward, of Norwell Nurseries – the holders of the national collection of hardy chrysanthemums and astrantias. The talk was "The Astounding Asteraceae, of which there are 21,000 species, although they are more familiarly understood as the daisy family. Everything from the common dandelion to sunflowers, asters and cornflowers belong to this family, and some have traditionally been used in medicine, e.g. to boost one's immune system.

The sheer variety of astrantias is most definitely astounding, with some varieties looking much removed from the traditional daisy we all know with unusual shapes and even spikes. Cirsium Mount Etna, for example, was likened to the shape of a shaving brush. Google it and you will see what I mean. Some grow really tall; others are more compact. Some are really hard to grow and require very specific conditions, whilst others will even grow in the pavement cracks.

The varieties showcased to the Club are stocked by Norwell Nurseries, and they have some that are really coming into their own at the moment, such as the rudbeckias. Andrew has much expertise to advise gardeners regarding what will work for your particular space and soil conditions.

The next meeting will take place at 7.30pm on 20th October at the Community Centre. All welcome.

OCTOBER'S REFLECTIONS

Dear Friends,

What is your favourite hymn to sing at harvest time? I've found a hymn which we don't normally sing; in fact I've never sung it. It's called For the fruits of his creation,* and it gives us some good things to think and pray about. Here are some of the words:

For the fruits of his creation, thanks be to God; for his gifts to every nation, thanks be to God. This reminds me to be thankful all the time. Why not try saying thank you for every good thing you have for a whole day? Just think, even before you get out of bed in the morning, you could thank God for a good night's sleep in a safe and comfortable bed. You could go on to thank God for running water, for clothes and food and you can carry on through the day.

In the just reward of labour, God's will is done. This reminds me that God cares about the world of work and the way people are treated. Why not try praying for all employees and employers and for an end to exploitation and slavery?

For the harvests of his Spirit, thanks be to God. This reminds me that God gives us more than food and drink, shelter and clothing. God gives us spiritual gifts so that we grow up as people so that we can help each other and make the world a better place. Why not try praying for a harvest of spiritual fruit? These fruits are love, joy, peace, patience, kindness, gentleness and self control.**

Perhaps this is a different way of thinking about harvest, but thank God for the seasons and the harvest which come round every year. I am looking forward to our harvest festivals in Winthorpe and Holme on October 17th – what a day that will be, why not come to both? Happily this year, we can sing our favourite harvest hymns, and I hope we'll all enjoy singing together.

God bless you

Revd Mandy.

HOLME

CHURCH NOTICES

Hello from St Giles Church Holme,

As you may well have discovered, the church is open again most days, so please feel free to pop inside now and again and enjoy the beauty, peace and ancient architecture the place has to offer. We are making a sign to show when it's open and we hope that walkers and visitors to the village will enjoy being able to go inside. Our visitors book already has a number of new entries which show that people have come from far and wide, and an open church is an indication of a welcoming community. However we ask that you please keep an eye on the place when you are passing and report any odd activity to the churchwardens or the police.

Recently we have commissioned aerial pictures and footage at high level of the church. It is very interesting to view the shape of the river and the relative positioning of the church and of course how it would have connected to North Muskham pre 1599. It was at this time that the Trent changed its course and divided the two villages. It has to be remembered that Holme church was originally built as a daughter church to St Wilfred's at Muskham. Using this data we can see some carvings high on the tower and detect structural defects which need attention.

The visit by members of Collingham & District Local History Society on 1st September was attended by some 60 visitors, and about half of them had never been to the church before. Needless to say, they were fascinated by the many outstanding features and the connections with the real people who we can relate to who were the founders of this special building as we know it today. This makes Holme church unique in this part of the county.

Our next service will be at 9am on Sunday 3rd October and on Sunday October 17th it will be the Harvest Festival at 6pm.

Kind regards,

Nigel Priestley and Doreen Hallam.

CHURCH NOTICES

Autumn has arrived and although I love the smells and colours at this time of year I hate saying goodbye to the summer sun, (not that we had too much of that of late!)

We welcomed Xander Holmes and Connie and Sebastian Downs into church last month and look forward to another Baptism and Wedding this month.

Sadly, I have to report the passing of Pat Wyatt (mother of Susie Conning) in Beaumont House last month. Pat moved into the village to live with Susie earlier this year and was able to attend several Services in church before her illness took a stronger hold.

Tickets for the Harvest Supper on Saturday, October 16th (7 for 7.30p.m.) are now on sale, they cost £10 which includes a glass of wine. There will be a Raffle and a Pat Finn Quiz. Tickets can be bought from any member of the PCC-Sharon (Woodlands), Joan (Gainsborough Rd, School end), Sandra/ Pauline (Pocklington), Christine (Spinney) and Tisha (Gainsborough Rd, Church end). I would very much like to thank **The Lord Nelson (Susie and Emma)** in advance for sponsoring part of the meal by providing the pudding! This will be followed the next day with our Harvest Festival at 10.30 where we will be very happy to receive Harvest Gifts which will go to the Newark Women's Refuge.

We welcome Winthorpe School back to Church on Friday October 15th for their Harvest Service.

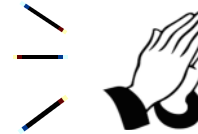

At the end of the month we look forward to our Patronal Festival on October 31st when we will be holding a Songs of Praise at 3 p.m. We hope many villagers will come along for a rousing singing of hymns to celebrate All Saints Day.

Please remember in your prayers Neil and Jane Butler, (Neil went into hospital last month) and Susie Conning and her family along with any other villager known to you who is ill or hospitalised at this time.
